Mission Statement

The Out-Of-School Time (OST) programs offer academic enrichment, college and career readiness, and recreational opportunities for students, and to serve families. Family participation is important to our program because of the dual-capacity framework, meaning we serve both students *and* families!

Colorado AeroLab partners with the Town of Grand Lake to offer educational and recreational programs for young people throughout the year. Activities are available afterschool, on 5th Day Fridays and during the summer at the Grand Lake Center.

Program activities are designed to support student academic, social and emotional growth. The program focuses on activities that help students meet state learning standards in language arts, mathematics, science, and social studies, and build critical thinking skills and positive character traits. To honor youth voice, activities are designed to be innovative, hands-on and relevant. They are built on learning goals that are shared with youth. The program strives to create strong, transparent connections to college and career exploration and readiness. It also includes sessions that promote health and wellness and support a student's success in school.

Enrollment

The Grand Lake Center (GLC) is open to all students who meet the minimum age and grade requirements and shall not discriminate based on income level, race, color, religion (creed), gender, gender expression, national origin (ancestry), disability or sexual orientation.

GLC staff and volunteers will offer tutoring activities and physical resources when needed. GLC's primary goal is to help students achieve their maximum potential as young people and as citizens of the world. The admission of children with special needs shall be encouraged when staff can provide the understanding and management of the child and when that child can be integrated into a group. Reasonable accommodation will be made to meet the needs of a child, but children with special needs must be addressed case by case.

Each child must have a completed enrollment packet on file. This packet includes a program liability and emergency procedure form; an emergency card/statement of health; handbook acknowledgement; sign in/out; media release forms; technology use and conduct/behavior forms; and immunization records.

Enrollment capacity will be decided by the number of available teachers and space. The program will post applications and registration forms online as well as through local communication channels (i.e., district push notification, local newspaper, etc.)

Colorado AeroLab will work with school leaders to provide adequate resources for students with Special Education plans as well as for English Learners. To the extent that is proper, staff will collaborate with district specialists to accommodate other special populations.

Procedures for Student Recruitment

The following procedures will be implemented to successfully recruit and keep students:

- Students, parents, and community members will be informed of the program's implementation via news articles in the local newspaper, newsletters, flyers and/or announcements at events.

- Parents will be notified of student eligibility for participation through student registration forms and information posted online. Student eligibility will be based on the criteria outlined in the program application (unless otherwise adjusted through a program amendment).
- Recruiting and registration materials will also be available in Spanish.

Billing

GLC uses an online registration and payment system. Parents will have to create an account to register for activities, sign documents and make payments using an electronic check or credit card. A deposit is needed for summer day camps. The payment schedule for Summer 2023 is:

- Payment for all June camps must be made by May 15.
- Payment for all July camps must be made by July 1.
- Payment for all August camps must be made by August 1.

If payment is not received by the due date, reserved spots will be released to other participants. Anyone in need of financial aid should contact the Program Director at the time of registration.

Schedules / Cancellations

A schedule of activities for the GLC will usually be provided in advance for the benefit of planning when children will attend. Pre-registration prior to program deadlines is important because staffing is arranged based on pre-registration and a limited number of spaces are available for each program.

Parents must notify GLC whenever a child will be absent on the day they are registered to attend. Cancellations made less than two full business days prior to the program will not be refunded. Refunds are not guaranteed. Please contact the Program Director when an absence is caused in cases of illness, death, or extreme emergency.

Program Hours and Activities

The center will offer programs during the summer (June-August) as well as throughout the school year. Specific days and hours of operation will be communicated to families via newsletters, website, digital and print media.

Activities vary throughout the year and schedules are built around the local school district calendar; consult the program activity calendar and regular newsletter for details of current activities.

Holidays and Bad Weather

During the regular academic year, the calendar for the GLC OST program follows the local school district calendar including holidays and scheduled school breaks. On days when there is no school, including severe weather days, the GLC OST program is not in session. If school is released due to severe weather, the program will not be provided. On school days when regular classes are in session, but severe weather is predicted for late afternoon, the afternoon program hours may be canceled. CAL will follow the decisions of local school leaders.

On Fridays (for 4-day school weeks) when severe weather is predicted, parents will be notified by GLC staff or the school district's automated system if sessions are to be cancelled.

Dismissal

Attendance is important. To get the full benefit of this program, your child should attend each day for the full program length. The procedures outlined below will be followed during program dismissal:

- Parents of students who take the bus home should work with their schools' transportation directors to be dropped off at CAL OST program sites.
- Parents who pick up students will go to the designated area once the program is over for that day. If students are to be picked up by persons other than those appointed at the time of registration (those listed on the student's registration form), the site instructor must be notified prior to pick-up time, or the student will not be released.

Early Pickup

We discourage picking up your child early. Program staff plan activities based on the full program time available. Your child will not receive the full benefit if they do not take part in the full program day. Early pick-up may be necessary at times, though please try to limit those as much as possible. When you arrive, please check in with the GLC OST staff, and be sure to sign your child out for the evening before leaving the building. If you want a person other than those listed on the registration form to pick up your student, the site instructor or program director must be notified prior to pick-up time.

Late Pickup

Parents—or designees—should pick up students within 10 minutes after program ends. The learning center is not staffed after these hours. **A student may be removed from the program if he or she is picked up late three times.** Local authorities may be contacted for assistance if a student is not picked up after program hours and parents, guardians or emergency contacts cannot be reached. Young people will never be left alone at any CAL OST site after programs end for the day.

Behavior Policy

The behavior policy helps students develop self-discipline so they may function independently in a socially acceptable manner. Self-control and social skills are developed over time by participation and interaction with others. The main reasons for using behavior expectations are these:

- to prevent harm to self or others.
- to prevent infringing on the rights of others; and
- to prevent damage to equipment and property.

The following expectations will always be in effect to foster a healthy, safe, and secure environment for everyone.

- Follow the rules outlined by the program staff. *[If programs are conducted with a partnering school district, the partner district's student handbook and code of conduct will be followed.]*
- Follow the directions of staff the first time they are given.
- Show respect and treat others with kindness.
- Ask permission to leave an area.

Students will be responsible for their own actions. They alone make the choice to follow the rules and enjoy the rewards or to ignore the rules and accept the consequences. Appropriate behavior will be

encouraged by verbal praise, rewards, and positive communications with parents. Whenever possible, natural, and logical consequences will be given for inappropriate behavior.

If a student has a discipline issue, the parent or guardian will receive notification. Parents will be informed of their child's behavior and may be asked to take part in a discussion to resolve special situations. If a child shows chronic negative behavior, he or she may be suspended from the GLC OST program or may be asked to no longer take part. We reserve the right to suspend or end a student's attendance from the GLC OST program at once if a student's behavior calls for it.

Student Guidance

CAL makes every effort to cultivate positive child, staff, and family relationships, by fostering a friendly, welcoming environment for children. We support a socially and emotionally respectful camp environment, and we implement teaching strategies that support positive behavior, pro-social peer interaction, and overall social and emotional competence in kids. CAL is committed to providing individualized social and emotional intervention support for children in need, including methods for understanding children's behavior; and developing, adopting, and implementing a team-based positive behavior support plan with the intent to reduce challenging behavior and prevent suspensions and expulsions.

The staff handles behavior problems at, or before the time of occurrence. Parents and students must review and sign the Conduct and Discipline Policy waiver during registration. Parents and guardians should thoroughly discuss these expectations with their children.

Direct and adequate supervision helps redirect children and gives suggestions before a problem occurs. Otherwise, a child may be separated from the others for a brief period in a safe, lighted, well-ventilated area. AT NO TIME will any discipline action include:

- corporal or harsh punishment.
- an association with rest or toileting.
- threats or coercion.
- verbal abuse or derogatory remarks.

The parent must immediately remove from GLC any child who becomes uncontrollable or causes willful physical harm to others or to the GLC equipment.

Health and Safety

CAL staff ensure a safe and healthy environment for all youth. Please list your child's medical conditions on the registration paperwork. If your child has a known medical or health condition (such as asthma, diabetes, ADD, autism, seizure disorder), be sure the site instructor knows what to do if a problem should occur during program hours. Please let us know of your child's physical or health condition so we can do our best to serve your family.

If a child becomes ill while in the out-of-school time program, the parent, guardian, or approved adult will be notified. Depending on the nature of the illness, the adult may be asked to pick up the student. If a child has any of the following symptoms or behaviors, the parent or guardian will be notified to pick up the child at once:

- Any communicable disease
- Chills and/or fever over 100 degrees Fahrenheit

- Nausea, vomiting or diarrhea
- Undiagnosed rash
- Cough
- Head lice
- Ringworm
- Pink eye
- Accident requiring medical attention

Medication Administration

Please do not send your child/children to camp if they show symptoms of illness. Please refer to CDPHE’s most recent document of “How sick is too sick” when questioning if you should send your child to camp. This document is attached to the end of this handbook.

In case of any illness, the child shall be isolated from the other children in the GLC program, if possible. The parent, guardian, or other designated person shall be contacted at once to remove the child from GLC. The Grand Lake Center must report major communicable diseases to parents as well as to the county health officials.

Any necessary medications will be given only by written authorization from the child’s doctor. Special forms are provided for this purpose. State regulations also require that non-prescription medications be administered only with a doctor’s written permission. Also, any medication must be in the original container and have an instructional label. All medications at camp must be locked and stored to prevent access by children.

No over the counter or prescription medication is allowed at camp without proper documentation and doctor’s consent. The administration of medication requires extra staff time and safety considerations, so parents should check with their health care provider to see if a dosage is necessary during program hours. Please contact camp staff for more information about medication administration if needed.

Emergency Policy

In case of an accident or illness, we will call the parent or guardian of a child. Please be sure we have your correct phone numbers and address on file. In serious emergencies, you will be contacted and 911 may be called. Directions from the Emergency Medical Technician (EMT) will be followed until you have arrived.

If the EMT decides the need to transport the student and you have not yet arrived, the student will be transported to the hospital and accompanied by a staff member. Once you arrive on campus, you will be updated on the transportation of the student. The parent(s) or guardian(s) of the student assume the cost, if any, of the emergency vehicle and/or emergency room.

Student Injury

If a GLC student is injured during program hours, these actions will be taken:

- Medical personnel and the site coordinator should be contacted at once.
- Follow first aid procedures at once.
- Contact added emergency personnel (if necessary) and notify parents at once.

- Complete the school accident form and give it to the GLC site coordinator, program director and school principal.

Transportation

Students who take part in GLC's programs may be transported to and from the sites using the regular school transportation system and/or Town of Grand Lake vehicles. For students with special needs who require special transportation, wheelchair-accessible buses are used. In the event wheelchair-accessible buses are unavailable, GLC staff will work with families to arrange alternative transportation arrangements.

Supervision

Staff manage the supervision of children while at camp, as well as during field trips, and know where children are at all times. Seat belts will be used for all children while being transported. Certain field trips/special activities may require an added waiver to be signed by the parents for their child(ren) to take part.

Field Trips

Field trips are defined as travel away from program premises, under the supervision of a staff member. Student safety is an important consideration. The coordinating staff member handles ensuring that all steps have been taken to meet identified safety needs, including the need for adult supervision. This will also include a list of medical needs or allergies for GLC staff taking part in approved field trips.

The following procedures shall apply to all student trips:

- It is the responsibility of the Program Director to approve each trip. The program director will supervise the process used by the staff and students.
- The staff member shall provide parents with information about the purpose of the trip and other pertinent information. Each student taking part in a trip must have the waiver signed by his/her parent or guardian, and emergency contact information.
- School district buses or small vehicles will be used as the transportation for all field trips.

Photo/Video Release

We may occasionally want to use photographs taken of students on the organization website or in organization advertisements. Personally identifiable information will not be used except in special situations where parents give specific written permission. Parents will have the choice to approve or restrict the use of photographs and video of their child(ren) upon registration.

TV / Video Viewing

All videos viewed by students will be rated "PG" or "G".

Technology Use

Colorado AeroLab, Inc. provides a wide range of computer resources to its students for the purpose of advancing the educational mission of the program. As a user of company computers, you are expected to review and understand the Technology Use Procedures.

You are expected to:

- Protect your logon information from others. Do not use other users' passwords.
- Exercise good judgement.
- Respect organization property and be responsible in the use of the equipment. Do not destroy, change, or abuse the hardware or software in any way.
- Do not delete or add software to organization computers without permission.
- Do not use organization computers for illegal, harassing, vandalizing, inappropriate or indecent purposes.
- Do not use the internet to access or process pornographic or otherwise inappropriate material. Notify an adult whenever coming across information or messages that seem inappropriate.
- Be ethical and courteous. Do not send hate, harassing or obscene mail, discriminatory remarks, or demonstrate other antisocial behaviors.
- Organization computers may not be used to interfere or disrupt other users, services, or equipment, including distribution of unsolicited advertising (spam), propagation of viruses and distribution of large quantities of information (chain letters, network games or broadcasting messages).
- Do not assume that because something is on the internet that you can copy it. Respect copyrights.
- Do not give out any personal information over the internet.

Violation of any of the above conditions of use may be cause for disciplinary actions. Violations may result in suspension of access to company computers, other disciplinary actions, and/or proper legal action.

Participating families must agree to the technology use agreement prior to taking part in programs involving use (or potential use) of technology.

Cell Phones / Personal Belongings

Please leave toys and electronic devices at home. Cell phones may be kept in children's backpacks but are not allowed to be used during camp activities. All personal belongings should be individually labeled. Outdoor clothing should be brought each day so that the child may take part in outdoor activities. Each child will have a space for their belongings. A child never has to bring money to camp, and the CAL will not be responsible for any lost or stolen money.

Please remember that children are expected to wear proper play clothes and STURDY, CLOSED TOE SHOES each day. Children must wear shoes during all activities and in all places, except where field trip facilities allow socks only. Plan to bring extra shoes on days with water activities.

Sunscreen

Our camp uses Coppertone Sport Broad Spectrum SPF 30 Sunscreen. If your child cannot use this sunscreen, please send proper sunscreen with your child to camp each day. Please label the sunscreen with your child's name.

Visitors

Visitors should receive permission and clearance from the site instructor or program director prior to visitation.

Reporting Child Abuse

Licensing regulations require that any staff member of CAL or the GLC who has reasonable cause to know, observe, or suspect that a child has been subjected to abuse or neglect, or placed in circumstances which could reasonably result in abuse or neglect, must immediately report such information to the Director of Grand County Social Services or a local law enforcement agency. In addition, parents can report child abuse and neglect by calling Grand County Social Services at (970) 725-3331 or 844-CO-4-Kids (844-264-5437) which is available all day, every day.

Policy Changes

The Program Director will notify parents in writing of significant changes in services, policies, or procedures so that the parent may decide whether CAL continues to meet the needs of both you and your child. Failure to follow policies will result in your child being dropped from enrollment.

The policies of the Town of Grand Lake and the Grand Lake Center may be changed at any time without prior notification.

If there is reason to file a complaint about the camps or personnel, please contact the Program Director below.

Policy Summary

We hope that this handbook will be a guide to understanding the program and purpose of the Grand Lake Center. Most of the regulations in this handbook are required by the Colorado Department of Human Services for the safety and well-being of your child and cannot be changed. However, if you feel you need more information or clarification, please do not hesitate to ask for it. The staff can provide either an answer or contact for referral. Other policies can be examined upon request.

How to Get a Copy of Your Child's Immunization Records

Colorado AeroLab programs operate as a Colorado school-aged licensed daycare. All forms need to be completed for your registration to be finalized and your child's spot to be reserved.

- State regulations require your child's immunization form to be on record on the official Colorado Certificate of Immunization which can be found by clicking the link to the [Colorado Certificate of Immunization](#) or copy and paste into your browser: http://caregivernetwork.org/wp-content/uploads/2018/10/Certificate_of_Immunization.pdf.
- You can get a copy of your child's records by clicking the link to the [Colorado Dept of Public Health CIIS Portal](#) or copy and paste into your browser: <https://cdphe.colorado.gov/prevention-and-wellness/disease-and-injury-prevention/immunization/for-the-public/get-a-copy-of>.
- Your program registration will be complete when we receive your child's immunization record on the approved form. Email completed immunization forms to: Camps@ColoradoAeroLab.org.

The screenshot shows the website for the Colorado Department of Public Health & Environment. The page title is "Get a Copy of Your Immunization Records". On the left is a navigation menu with the following items: Prevention and wellness, Disease and Injury Prevention, Immunization, Immunization resources during COVID-19, For the public, Immunization records (highlighted), Get vaccinated, Vaccine exemptions, and Immunization schedules. The main content area contains the following text:

You can request an immunization record for yourself or your child from the Colorado Immunization Information System (CIIS). Immunization records from CIIS may not be complete. CIIS immunization records include what has been reported to and entered into CIIS.

There are several ways to request a copy of your immunization record through CIIS.

[The CIIS Public Portal](#)

Patients and guardians of minors can now use [the CIIS Public Portal](#) to view and print an official record of their immunizations.

- How to Use the CIIS Public Portal: [English](#) | [Spanish](#)

Request to Release Immunization Record

Patients and parents/guardians of minors can also request their record by completing and submitting a form. Incomplete forms (e.g., forms without proper ID or forms that are not notarized) will not be accepted. Patient immunization records can be securely transmitted to the requester via fax or secure email.

- Request to Release Immunization Record: [English](#) | [Spanish](#) | [Russian](#) | [Vietnamese](#)

How Sick is Too Sick?

When Children and Staff Should Stay Home from School or Child Care

During Colorado’s response to the COVID-19 pandemic, children and staff who have been exposed to a positive case or who have symptoms consistent with COVID-19 listed below, must follow the [Guidance for Cases and Outbreaks in Child Care and Schools](#).

MAJOR SYMPTOMS of COVID-19

- Feeling feverish, having chills or temperature of 100.4°F or greater
- Loss of taste or smell
- New or unexplained persistent cough
- Shortness of breath or difficulty breathing

MINOR SYMPTOMS of COVID-19

- Sore throat
- Runny nose or congestion
- Muscle or body aches
- Headache
- Fatigue
- Nausea, vomiting
- Diarrhea

There are four main reasons to keep children and adults at home:

1. Someone who the child lives or staff with (or has had close contact with) has been diagnosed with COVID-19, or has symptoms of COVID-19.
2. The child or staff member does not feel well enough to take part in usual activities. For example, a child is overly tired, fussy or will not stop crying.
3. A child needs more care than teachers and staff can give while still caring for the other children.
4. The symptom or illness is on this list, and staying home is required.

Remember, the best ways to stop the spread of infection is through good hand washing and staying home when sick.

Symptoms	Child or staff must stay home?
Diarrhea Frequent, loose, or watery stools (poop) compared to normal ones that are not caused by food or medicine.	Yes - if the diarrhea can be explained* by a specific illness then follow the exclusion guidelines for that illness. If the diarrhea is unexplained then follow the COVID-19 Guidance for Cases and Outbreaks in Child Care and Schools found at https://covid19.colorado.gov/cases-and-outbreaks-child-care-schools . Children and staff may return 24 hours after their last episode of diarrhea unless the diarrhea is caused by an illness that requires them to stay home longer.
Fever Fever is a temperature of 100.4°F or greater. Babies who are 4 months or younger need to see a doctor right away for a fever of 100°F or higher.	Yes - If the fever can be explained* by a specific illness then follow exclusion guidelines for that illness. If the fever is unexplained then follow the COVID-19 Guidance for Cases and Outbreaks in Child Care and Schools found at https://covid19.colorado.gov/cases-and-outbreaks-child-care-schools .

Symptoms	Child or staff must stay home?
Vomiting/Throwing Up	<p>Yes - if the vomiting can be explained* by a specific illness then follow the exclusion guidelines for that illness. If the vomiting is unexplained then follow COVID-19 Guidance for Cases and Outbreaks in Child Care and Schools found at https://covid19.colorado.gov/cases-and-outbreaks-child-care-schools.</p> <p>Children and staff may return 24 hours after their last episode of vomiting unless the vomiting is caused by an illness that requires them to stay home longer.</p> <p>If a child with a recent head injury vomits, seek medical attention.</p>

*An explained symptom means that the symptom can be attributed to one of the following:

1. A known occurrence (ex. a child gagged which caused vomiting); or
2. A known health condition (ex. diarrhea caused by irritable bowel syndrome, cough caused by asthma or allergies etc.); or
3. A documented diagnosis from a health care provider (ex. fever caused by strep throat) which excludes other conditions of concern.

In the instance of a known occurrence or health condition, separate the child from group care and monitor them. If symptoms improve and COVID-19 has been ruled out in accordance with the [COVID-19 Guidance for Cases and Outbreaks in Child Care and Schools](#) exclusion guidelines for COVID-19 they may return to group care. If the symptoms worsen the child or staff needs to be excluded.

Illness	Child or staff must stay home?
Chicken Pox	Yes - until the blisters have dried and crusted (usually 6 days).
Conjunctivitis (pink eye) Pink color of eye and thick yellow/green discharge	No - children and adults do not need to stay home unless they have a fever or are not able to participate in usual activities. Call your doctor for advice and possible treatment.
<p>COVID-19 symptoms may include any of the following:</p> <p>Fever or chills</p> <p>New loss of taste or smell</p> <p>Fatigue</p> <p>New or unexplained persistent cough</p> <p>Shortness of breath or difficulty breathing</p> <p>Sore throat</p> <p>Runny nose or congestion</p> <p>Muscle or body aches</p> <p>Headache</p> <p>Fatigue</p> <p>Nausea or vomiting</p> <p>Diarrhea</p>	<p>Yes - children and staff who have been diagnosed with COVID-19 must be excluded until:</p> <ol style="list-style-type: none"> 1. The child or staff member has not had a fever for 24 hours, AND 2. Other symptoms have improved (example, the cough or shortness of breath has improved), AND 3. At least 10 days have passed since the symptoms first appeared. <p>Prior to diagnosis, children and staff with symptoms or known exposure to COVID-19 should follow COVID-19 Guidance for Cases and Outbreaks in Child Care and Schools the exclusion guidelines for COVID-19 found at https://covid19.colorado.gov/cases-and-outbreaks-child-care-schools.</p>

Illness	Child or staff must stay home?
Fifth's Disease	No - the illness is no longer contagious once the rash appears.
Hand Foot and Mouth Disease (Coxsackie virus)	No - unless the child or adult has mouth sores, is drooling and is not able to take part in usual activities.
Head Lice or Scabies	Yes - children may stay at school or child care until the end of the day but cannot return until after they have had the first treatment.
Hepatitis A	Yes - children and staff may return to school or child care when cleared by the health department. Children and staff should not go to another facility during the period of exclusion.
Herpes	No - unless there are open sores that cannot be covered or there is nonstop drooling.
Impetigo	Yes - children and adults needs to stay home until antibiotic treatment has started.
Ringworm	Yes - children may stay at school or child care until the end of the day but cannot return until after they have had the first treatment. Keep the area covered for the first 3 days if participating in sports with person to person contact.
Roseola	No - unless there is a fever or behavior changes.
RSV (Respiratory Syncytial Virus)	No - children and staff can go to school unless they are not well enough to take part in usual activities and/or they have trouble breathing. Call your doctor for advice. Follow COVID-19 Guidance for Cases and Outbreaks in Child Care and Schools the exclusion guidelines for COVID-19 found at https://covid19.colorado.gov/cases-and-outbreaks-child-care-schools .
Strep Throat	Yes - for 12 hours after starting antibiotics unless the doctor says that it is okay to return to school sooner. Children and staff also need to be able to take part in usual activities.
<i>The contents of this document are not to be altered without the express permission of the Department.</i>	
Vaccine Preventable Diseases Measles, Mumps, Rubella (German Measles), Pertussis (Whooping Cough)	Yes - Children and staff can return to school once the doctor says they are no longer contagious.
Yeast Infections Thrush or Candida diaper rash	No - follow good hand washing and hygiene practices.
Other Symptoms or illnesses not listed	Contact the child care center director or school health staff to see if the child or staff member needs to stay home.

This document was developed in collaboration with the Children's Hospital of Colorado School Health Program. The information presented is intended for educational purposes only. It is not intended to take the place of your personal doctor's advice and is not intended to diagnose, treat, cure or prevent any disease. The information should not be used in place of a visit, call or consultation or advice of your doctor or other health care provider.
